## Yoemen To Play Waco UHi YHS Gridders Set For Trojan Game After Open Date

The Cameron Yoemen will hit the gridiron trails once again Friday night when they collide with University High of Waco at Municipal Field, Waco.

Coch Leo Jackson said that all but one Yoe gridders have been working out at practice sessions. Cameron had an open date last Friday night.

Joe Humprik, sophomore guard, still is hampered by a knee injury that kept him out of the Killen Cameron game two weeks ago.

But all other injured players and the absentees have returned to play.

Waco U Hi was defeated last Friday by Killen, 14-7, to go into the conference cellar with Cameron. Cameron has fallen before Stephenville, 6-0, and Killen, 26-6, in two conference outings.

The Trojans have two first rate offensive stars in FB Gatlin and RB Fuentes, a 150-pound break-away runner, Jackson said.

The Waco team will average about 165 pounds, about four pounds per man lighter than Cameron.

Gametime is 8 p.m. at Waco's Municipal Field.

Probable starting line-ups are:

## Cameron CYO Views Educational Films

The Cameron Chapter of the CYO welcomed two new members at their meeting Wednesday. The new members are Don and Gwen Pampham.

The Rev. Alfred Kallas answered questions from the question box and two films on Catholic Education and the Christopher Movement were shown.

Plans were discussed for a 42 party, a skating social and volleyball practice. Other business included arrangements for a breakfast after the monthly communion.

## Weather Notes

Rain and more rain kept drizzling down in the Cameron-Milam County area this week as an additional .82 inch fell Sunday through Tuesday.

Temperatures ranged from a high 74 to a low 40, according to official weather data from the City Water Department.

## Baptist Youths Renew Tradition On 'Coon Hunt

A group of youngsters from the First Baptist Church renewed a tradition Saturday night when they went on a 'coon hunt near Cameron.

Dr. Joe Parker's four dogs led the group in a chase that netted two good-sized racoons and a lot of fun for the youngsters.

The outing has become an annual event for Baptist youngsters, Dr. Parker said.

He said that three youngsters were "lost" for a short time but were found shortly after they were missed.

The hunt took place in the vicinity of Liberty Church and Cannon Snap Creek east of Cameron.

Dr. Parker said four dogs were used on the hunt. They treed several racoons, but caught only two.

Sponsors of the group are Jimmy Price, Mrs. Seth Corley, Miss Mary Fannin, Dr. Parker and Jimmy Asher.

## Rosebud Rites For Mrs. Haensch, 79

Funeral services for Mrs. George Haensch, 79, of Rosebud, were held Wednesday at the Green Funeral Home in Rosebud. Burial was in Woodland Cemetery.

Mrs. Haensch died Tuesday at the home of her daughter, Mrs. Z. T. James, in Cameron.

The Rev. Aubrey Russell of Cameron, assisted by the Rev. T. A. Binford of Rosebud, officiated.

Mrs. Haensch had lived in Rosebud for more than 30 years where her late husband was in business.

Other survivors include three sons, Walter and Oscar Haensch of Rosebud and Henry Haensch of Killen, six grandchildren, three great-grandchildren; and one brother, Frank Schiller of Meeks.

## Jaycee Santa Pal Project Begins

Cameron Jaycees Monday night formulated plans for the second annual Santa Pals project with work scheduled to begin this week on toy repair.

President Don Humble told The Herald that toys are being collected in four Santa Pal barrels in downtown Cameron and from contributors holding toys for pick up.

Jaycees and other volunteer workers will repair, repaint and direct the toys to the children of needy families before Christmas, December 25.

### To Screen Requests

Henry Schattell, project chairman, said a screening committee will check mail requests for names of families actually unable to provide a Christmas for their children.

He asked that requests for Santa Pal toys be mailed to The Cameron Herald, Cameron, Texas, prior to December 15.

Humble noted that anyone wishing to make cash donations to the Santa Pal project may send their contribution to Santa Pal project in care of The Herald.

The Santa Pal project last year reached about 200 children in

## Santa Calls For Christmas Letters

Hey kids.

Time to write Santa and give him your Christmas toy list. He has to start work way ahead of Christmas, December 25.

Just drop him a note in care of Santa Claus, North Pole.

## An Appeal

## Chance To Share...

There is a lot of happiness in this world. But sometimes we forget to share it.

Because we have such a wonderful season as Christmas, we have filled our homes with equally wonderful objects for present exchange... particularly for children.

We watch the kids enjoy a variety of toys, thanks to Santa Claus, at Christmastime and the year 'round. But the toys get broken or worn or tossed aside. And many children will get more than they use.

What could happen to that discarded doll or miniature auto would bring deep satisfaction to all. For that forgotten toy could bring Christmas cheer into the heart of a less privileged youngster.

That toy could be given to Santa Pals, a project organized to repair and direct reconditioned toys into the hands of children of needy families in Cameron.

It is a small thing, really, remembering to give something we no longer can use. But it is no small thing when that toy brings happiness we sometimes fail to share.

Hundreds of smiling faces will be the reward if those discarded toys go to Santa Pals. Call them today.

needy families throughout Cameron and vicinity. Jaycees are hoping to reach 400 this year.

Collection Barrels Downtown  
Santa Pal barrels are located at the Cameron Postoffice, and three

other corners in downtown Cameron, Schattell said. Lids will be placed over the barrels this week to prevent rain from filling the barrels.

Anyone having toys for the project can call Schattell, he pointed out. The toys will be picked up by Jaycee workers.

Jaycees also will erect downtown Christmas decorations, Humble said.

Requests for Santa Pal gifts should state the name of the child or children, their address and ages.

## 4-H Awards Program Set For Saturday

The Milam county 4-H Club Awards program will be held at 7 p.m. Saturday in the Simon-George Hall in Cameron.

The Awards Program will highlight the activities for the 1957 4-H club year. Various awards will be given to outstanding and noteworthy 4-H members.

All 4-H club members and their families are invited to attend the awards program.

## '57 Christmas Seal Drive Will Start Friday As Milam Group Sets Plans

## Officials To Open Two Brazos Bridges

State dignitaries, highway officials and citizens of Milam and Robertson counties Thursday, November 21, will dedicate two new bridges over the Brazos River on US 79 and US 190.

Both bridges cost approximately \$1 million and join Robertson and Milam counties.

Henry Siebman, president of the Cameron Chamber of Commerce, and E. A. Perrin, chairman of the highway committee of the Cameron Chamber, said that the ceremonies will be on the US 190 bridge. The program will begin at 2 p.m.

## 300 Attend Supper At Simon-George

Kiwanis President Ed Laywell said today that more than 300 attended the annual Kiwanis pancake supper Friday night at Simon-George Hall.

The club cleared about \$90, he said, which will go into community projects.

The principal address will be made by State Highway Engineer D. C. Greer. Milam County Judge Charles C. Smith, Jr. will welcome those present.

Carl Zeigler, Hearne resident highway engineer, will serve as master of ceremonies.

Others who will take part on the program include District Engineer C. B. Thames of Bryan, and John E. Blair, former District Engineer of Bryan when the bridges were approved.

Robertson County Judge A. G. Scott will assist in the ribbon cuttings.

Many of the honored guests who have been invited will be highway officials Marshall Formby, chairman of the Highway Commission, along with Commissioners C. F. Hawn and Herbert C. Petry, Jr. and R. B. Alexander, state bridge engineer, all of Austin; Joe G. Hanover and Oscar L. Crain, Asst. district engineers, both of Bryan.

Also Congressmen Olin E. Teague, Bryan, W. R. Poage of Waco; State Senators Bill Moore, Bryan; Jarrard Secrest, Temple; State Representative Blerman Yezak Bremont; members of the Milam and Robertson County Commissioners Courts and other county and city officials.

Black, his wife and daughter, Mary Margaret will move to Dallas in December. They now reside at 2007 N. Cleveland.

He will be Dallas representative for Commerce Clearing House, Inc., a topical law reporter publishing company.

Black lost the 1956 Democratic primary for Milam-Robertson Counties representative by 88 votes.

He served as city attorney of Cameron since May, 1956.

A graduate of Baylor University Schools of Law and Business Administration, Black has served as vice-president and president of the Cameron Kiwanis Club. He was also a member of the Cameron Volunteer Fire Department.

He is a graduate of Yoe High School.

Wilson, chancellor commander, said that members, their families and friends are invited to attend the open meeting.

A chicken supper will be served at 7 p.m., Wilson said.

Horstmann, formerly of Cameron, will address the group on the work at the Pythian home in Weatherford.

Wilson pointed out that contribution time is approaching for the Christmas Cheer Fund which provides operating income for the home.

The home now has 90 children and a number of elderly people residing there.

Wilson urged all members to bring their families and friends for the program and dinner.

## Lions Distributing Braille Checkers For Area Blind

Members of the Cameron Lions Club have received a number of Braille checker games which they seek to place with blind residents of Cameron and Milam County.

Dr. George Bowman, chairman of the Lions blind and sight conservation committee, told The Herald this week his committee has a number of the sets available for distribution among the blind in this area.

Lions clubs across the country are distributing complete sets of the game on behalf of two firms in the plastics industry.

Dr. Bowman said the project is a no-cost, humanitarian one.

Wilson Plastics, Sandusky, Ohio, has donated plastic checkers, he said. The checkerboards, furnished by Dow Chemical, have been formed from polystyrene plastic sheets.

The game is designed to offer many hours of pleasant recreation for the blind, Dr. Bowman said.

## William Black Takes Position With Dallas Firm

William C. Black, Cameron attorney and 1956 candidate for state representative, will start work in Dallas Monday with a publishing firm.

The former city attorney will be succeeded by Jack Prescott, his former law partner.

He began practicing law in Cameron in May, 1954. He also taught at the Milam Vocational School for two years and at Yoe High School during the 1956-57 school year.

Black, his wife and daughter, Mary Margaret will move to Dallas in December. They now reside at 2007 N. Cleveland.

He will be Dallas representative for Commerce Clearing House, Inc., a topical law reporter publishing company.

## United Fund Drive Extended To Dec. 1

The North Milam United Fund has been extended to December 1 due to weather and road conditions, Bob Nelson, fund raising chairman, announced today.

Former deadline for completion of the drive was Friday, November 15, Nelson said.

Steady rains, flu and bad roads have prevented workers in rural areas from making many of their calls, he continued.

The drive started November 1.

\$11,309 Goal  
North Milam United Fund workers will shoot for a \$11,309 goal for the year.

The contributions will be divided proportionate to need among seven service organizations. They are: Boy Scouts, Girl Scouts, Red Cross, Salvation Army, Heart Fund, library fund and various local charities.

Motto of the 1957 drive is: "Give a day's pay."

Nelson called for concerted efforts by workers to reach every home and business for contributions. Donations can be made now or pledged for later quarterly payment.

One-Time Contribution  
"The United Way makes possible a one-time contribution for seven worthy organizations who will use the money in the North Milam area," Nelson said.

The 1957 drive is \$2,300 less than last year's goal. A screening committee considered needs of the participating agencies prior to establishing the total goal.

Community chairmen and workers have been appointed in all 16 North Milam County communities.

Drayton McLane heads the Cameron drive while Leon Brady is chairman in Buckholts.

## Board Kicks Off 1957 Drive With Rockdale Dinner Monday

## .82 Inch Falls Early This Week; Fields Soaked

Three more days of drizzle brought .82 inch of rain to Cameron and vicinity this week.

Officials at the City Water Department said the total for November now has reached 2.07. A total of 1.25 has fell in the last week.

The continued wet weather kept farmers out of their fields through out Milam County and Central Texas.

State Agricultural Commissioner John C. White said Tuesday that the unprecedented bad weather may have cost Texas cotton farmers as much as \$100 million in losses.

County Agent J. D. Moore said two weeks ago when the steady rains began that 2,000 to 3,000 bales of cotton still were in county fields.

White said that prospects for winter crops of wheat, barley and rye were brightened by the rain.

But the rains were setting records all over Texas. In Cameron, total rainfall in the past six weeks totaled a heavy 13.59 inches.

Total yearly rainfall has exceeded the 50-inch mark though officials were unavailable.

Rains this week fell three days. Totals by the day were: Sunday .12, Monday .13 and Tuesday .57.

Rains continued to fall Wednesday morning.

Officers of the Milam TB Association, which was organized three years ago, are Clois Green of Rockdale, president; Dr. C. G. Swift of Cameron, first vice-president; Harry W. ## Ford Tractors Go On Display Here

The most powerful tractors ever built by Ford Motor Company will go on display Friday at Stedman Tractor Co., Cameron.

New Ford tractors in the "three-four plow" Powermaster class horsepower than formerly, while the "two-three plow" Workmaster tractors are 8 per cent more powerful, Dealer H. H. Stedman said.

In addition to higher power, the new Ford tractors feature a newly designed front grille, distinctive color styling, improved fender design, brighter headlights for field work and highway safety, greater gas tank capacity, and restyled instrument panel with electric fuel gauge, tedman said.

"The higher horsepower of these new tractors have a two-fold significance. First, of course, they increase the work capacity of the tractors under all conditions.

Second, they are obtained through greater engine efficiency. With compression ratio of 7.5 to 1, a figure unsurpassed by any other gasoline tractor engine in our field, our Workmaster tractors now produce 32 horsepower at the drawbar. Powermaster models give a hefty 44 drawbar horsepower, plenty to pull a four bottom plow with ease in most soil conditions," he said.

"There are 12 models of the new tractors, six in each power class. Three are special utility models; six are all-purpose four-wheel models and three are row-crop models, with three optional front wheel arrangements.

"We extend a cordial invitation to all farmers and others interested in power machinery to visit our showroom to see the features of these new tractors. We sincerely believe that every tractor user will be impressed with the power capabilities and the other improvements made in the Ford line," tedman said.

New convenience features in all models of these tractors are found on the instrument panel, since the operator is interested in knowing when the battery is discharging.

### Disease Cases Total

### 10 During Week Here

Reportable diseases in Milam County for the week ending at-urday total 10 cases, county health unit officials said.

Dr. John B. Bryson reported 1 case of mumps, 7 cases of flu and 2 cases of strept throat.

A red warning light now replaces the conventional ammeter gauge. Also new in the instrument cluster is an electric fuel gauge which gives an instant reading of the fuel level. The "Proofmeter" showing engine, tractor and power take-off speeds, and hours of operation is standard equipment on all except utility models.

To increase the operating range of the new tractors, larger capacity fuel tanks, holding 17 gallons for the Powermaster and 13 gallons for the Workmaster tractors, are used, he said.

## Elder Population Grows In Texas, Likes Rural Area

COLLEGE STATION—As the number of older persons in the population increases, the needs of the "senior citizens" in towns and in rural communities are of growing interest, says Reagan Brown, extension rural sociologist.

Texas now has one half million persons over 65 years of age. This represents 1 out of 7 or about 7 per cent of the total population. In rural areas, the percentage is even higher, Brown says.

Research shows that older folks want to live independently as possible. They prefer to live in familiar surroundings near their friends and associates. They prefer to be near married children or grandchildren but not to live with them.

Elderly persons like to be where they can watch adults work and children play, rather than being only with other aged people.

Most older farm people like rural surroundings with open spaces, according to Brown, a place for animals, a chance to watch gardens or crops grow. But they don't want to be isolated.

They want to be able to walk or drive, to go shopping, to go to church or other meetings, see friends and relatives, have help if needed and be outdoors when weather permits.

They want a house with various safety features—a one floor plan with few steps to the outside.

They favor a house safe from fire, no loose or sliding rugs, safe bathtubs, showers with convenient handholds, faucets easy to reach and use, and rubber mats to prevent slipping.

Older people desire plenty of heat in winter, automatically regulated; adequate lighting, windows that open and shut easily and a place for daytime naps.

Above all, older persons want to feel needed and carry on a useful, pleasant day-to-day schedule of activity, adds Brown.

### New Grain Increases Output

Small grain varieties developed and released by plant breeders of the Texas Agricultural Experiment Station during recent years have enabled Texas farmers to increase both grain and forage production from small grain crops.

Dairy Short Course

The annual Dairy Course Short Course, sponsored by the A&M Department of Dairy Science, will be held on December 5-6. All meetings are scheduled for Texas A&M Memorial Student Center.

## Dr. Butler, Paul Walser Featured In Beef Cattle Field Day Program

COUNTY AGENT NOTES

J. D. Moore, County Agent

The beef cattle field day at the Blackland Experiment Station, Temple, will be held November 15th at 9:30 a.m.

This event is being sponsored by the Agricultural Experiment Station and the Extension Service.

The purpose of the field day is to show cattle producers the latest developments in beef production and management.

Two leading men in Texas agriculture will be featured on the program. Dr. O. D. Butler, Head of the Animal Husbandry Department, Texas A&M College, will discuss beef quality and its influence on the marketing of Texas cattle.

Paul Walser, Deputy State Conservationist, will explain "Conservation on Land" with special emphasis on the relation of water and cattle.

Other highlights of the event will include: an inspection of the beef cattle; explanation of the grazing and feeding program, including the use of Stibestrol by Ralph Henderson, farm supervisor; and a discussion on making a profit with beef cattle by Dr. R. M. Smith, station superintendent. The master of ceremonies will be Don Decker, county agent.

Nearly 200 stockmen from Bell and surrounding counties are expected to be on hand for this field day. An invitation is being extended to all stockmen in the central Texas area as well as others interested in the beef cattle industry.

Milam county stockmen are invited to attend.

Farm-Ranch Credit School

The seventh annual Texas Farm and Ranch credit school will be held at College Station, November 24, 25, 26, 1957. Dr. T. R. Timm, Head of Agricultural Economics Department extends a personal invitation to local bankers to attend this school.

A detailed program is on file

## USDA Announces

## U. S. Allotment

## For '58 Peanuts

COLLEGE STATION—A national allotment of 1,610,000 acres of 1958-crop peanuts for picking and marketing has been announced by Acting Secretary of Agriculture True D. Morse.

Both the marketing quota and the national acreage allotment for the 1958-crop are at the levels required by law. The Texas Allotment for 1918 is 355,955 acres.

Legislation provides that the marketing quota must be equal to the average quantity of peanuts harvested for nuts during the 5 years immediately preceding the year in which the quota is proclaimed, adjusted for current trends and prospective demand conditions.

But the quota must be not less than a quantity sufficient to provide a national acreage allotment of at least 1,610,000 acres. In determining the marketing quota for the 1958 crop, a "normal" yield of 1,026 pounds per acre was used.

This yield, multiplied by 1,610,000 acres, the minimum national acreage allotment, results in the national marketing quota of 826,000 tons. If the minimum national allotment provision of the law were not in effect, the national marketing quota would be 675,000 tons which with allowance for under harvesting would result in a national acreage allotment of 1,446,000 acres.

In a referendum on December 11, 1956, peanut farmers approved marketing quotas and they are in effect for the crops to be produced in 1957, 1958 and 1959. Price support will be available at a level between 75 and 90 percent of parity in 1958 and in 1959 depending upon the supply at the beginning of the marketing year (August 1).

## SW Exposition Asks Cameron To Hold 'Day' At Ft. Worth

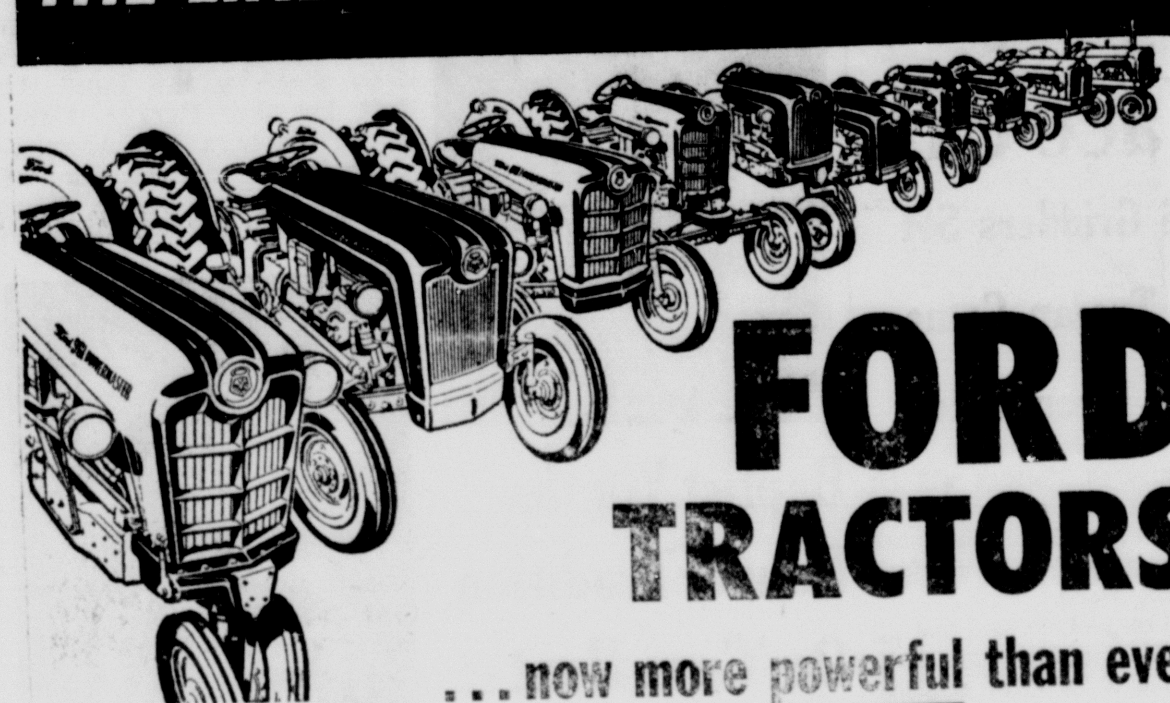

Cameron has been invited to have a "day" at the 1958 Southwestern Exposition and Fat Stock Show in Fort Worth by President-Manager W. R. Watt.

In his letter to the Cameron Chamber of Commerce, Watt urged that a cowgirl sweetheart be named so that she can be introduced to the rodeo audience in Will Rogers Memorial Coliseum.

The city also is invited to send its high school band so that the students may give a concert on the stock show grounds. The band members will be guests at the

rodeo performance. Watt expressed the hope that the city also would have a delegation of citizens wearing hatbands or badges proclaiming their hometown. They will be offered a special section of seats at the rodeo. Annie Oakley, Western heroine of TV and motion pictures, will be star of the 1958 rodeo. Dates of the Fort Worth exposition are Jan. 24 through Feb. 2.

## The 58 FORD is here now...

there's nothing newer in the world

With all that's new for a world of difference

There's bold, new styling—new Interceptor V-8 Power—new Cruise-O-Matic Drive—new Ford-Aire Suspension! The 58 Ford is the only car ever to meet a world-wide test and win world-wide approval before its public premiere!

You could search the world over and never find a car to match this 58 Ford's new beauty... new power... new ride... all at the low Ford price. We know! We tried it!

In Paris... the most style-conscious fashion critics in the world had a deep, low bow for Ford's latest style creation. In the mighty Himalayas, Ford's new Interceptor V-8 engine with Precision Fuel Induction won the day!

Then there's nothing newer than the true air ride of Ford-Aire Suspension. It's like riding on a cloud! But, you don't have to go to foreign soil to drive this newest Ford. We'll gladly save you the trip. Come in today!

From London to Bangkok... the whole world loved it!

The 58 Ford stopped traffic in Trafalgar Square when it passed through on its round-the-world trip. And that was typical of the excitement this Ford caused in Paris... Rome... Athens... Istanbul... Calcutta... and Bangkok. For this Ford was proved around the world in the toughest "shakedown" cruise in history.

## REVOLUTIONARY NEW "SHOCK-ABSORBER" GIVES EXTRA PROTECTION TO FRAGILE FREIGHT

Careful handling of freight has always been a prime concern of Southern Pacific. Four years ago we asked Stanford Research Institute to help us develop an even better way to cushion boxcar shipments of fragile freight. The result is something we're proud to report.

It is the Hydra-Cushion Underframe freight car, which employs a unique sliding underframe with a hydraulic pressure device to give extra cushioning to fragile shipments while cars are being coupled or are in transit.

350 Cars. We built 350 of these cars—and added "DF" (damage-free) interior loading equipment and roller bearings for good measure—to assure extra protection to shipments of television receivers, bottled goods, glassware, ceramic tile and numerous other fragile products.

The Hydra-Cushion Underframe freight car is an example, we think, of how Southern Pacific uses modern research in our continuing effort to give the finest freight service.

# Chilly Weather Improves Duck Hunting

By Vern Sanford

It was bluebird weather when duck season got under way this year. Nevertheless many hunters shot their limits from the Red River to the Gulf.

Then came a good norther. And now the weather is better for duck and goose shooting.

This type of hunting is about the hardest and most difficult gunning in Texas. So much depends, not on what is done in Texas, but on conditions in Canada throughout the early part of the spring and summer.

If conditions are right north of the border, and there is a big hatch, Canada will send more ducks down the various flyways into the United States. Many will stop before they get to Texas. But

countless numbers have wintered on the Texas coast for so long that it is family tradition for them to return to the Lone Star State. And here they head.

More and more ducks remain in Texas waters every year, in order to produce their families in the South.

**Good Shooting Everywhere**

Most duck and goose hunter think of the Texas coast as the best hunting place in the state. That isn't necessarily true. There are thousands of ducks killed each year on the streams and farm tanks of Texas. Excellent hunting exists on all the major impoundments in the state and in the grain fields of the Texas Panhandle.

Grain field hunting is about the easiest on the gunner. He hides

behind a shock of grain or in a hurriedly thrown-up blind.

Duck hunting under most conditions is hard work. Usually the worse the weather the better the shooting. It usually takes a cold drizzle to get the ducks and the old honkers to come down close to the ground. That is, close enough to reach them with a blast from the shotgun.

Of course the ammunition manufacturers have learned to load the standard length shells with a little more powder and shot. But, the duck and geese are smart, too. They just fly a little higher.

**No Motor Boat Hunting**

Most waterfowl shooting is done on water. For this reason it is necessary to have a good boat and—or waders.

Boat hunters can use outboard motors to take them to blinds or bring them back to the shore. They also can be used to pick up dead ducks, providing the gun isn't used. But, the law is strict on the use of any kind of power boat for hunting ducks.

There was a time when most hunters had well trained dogs to retrieve their birds. But the growth of cities has slowed down the raising of good duck retrievers. Now it's largely a do-it-yourself job.

Duck hunters have to get up early, as the season opens a half-hour before sunrise. Usually a hunter will want to have his decoys spread out on the water a half-hour earlier than that. Then he crawls into his blind and starts tooting on a duck call.

Frankly, more ducks are frightened off by callers than ever come in. However, many won't believe this.

There are a few hunters who really can talk to the ducks on these wooden callers. Too many of us, however, don't have the proper ear. We have not been around ducks long enough to know their language or to understand them.

**Care of the Gun**

It must be remembered that

duck hunting usually is hard on the gun too. Especially is this true when hunting around salt water. It doesn't do much good to carry a gun onto the water in a soft lined case, then let the gun get wet and put it back into the case. That salt water remains and the gun soon is covered with rust.

Perhaps one of the simplest ways is to use one of those plastic bags that your cleaning comes in, nowadays. You can haul your gun onto the water and bring it back in this plastic bag, and then throw the bag away. Then, as soon as you can, wipe the gun off with some good rust inhibitor or oil. In that way you can keep from having a badly pitted gun.

Tell your wife to save these plastic bags for you. You can use them to save your feathers in when you return from a hunt. Then make some nice feather pillows.

## Yoe High Student Council Sponsors All-School Party

Yoe High Schools Student Council sponsored an All-School party in the gym last Friday evening.

Theme for the party was "Winter Wonderland". Student Council members decorated the gym with winter scenes, giant pictures of snowmen and silhouettes of ice skaters.

The schools swing band played "All Shook Up", "Tammy" and "Bye, Bye Love". Joyce Hannon, Judy Sutter, Mary Alice Duncum and Sandra Smith forming a soprano quartet sang "Winter Wonderland".

The last number on the program was a dance selection presented by Ina Ruth Hayes and Clifford Swift.

## Funeral Service Held Here For Mrs. Orsag, 83

### Is A Tragic December Ahead?

The traffic accident records of the next two months will decide whether or not Texans will plunge deeper in the traffic quagmire of death and destruction.

Frankly, the future isn't bright, for December has come to be regarded as the most deadly month of the year — from a traffic standpoint — with November close behind.

In 1955, for example, 263 persons died on Texas streets and highways during December's 31 days, bringing the traffic fatality toll to 2547 for the year. In 1956, 252 were killed during the same period — for a record year's total of 2611.

Thus far, more than 2,000 people have been killed during the current year. The final outcome of a higher or lower toll depends on what the individual motorist and pedestrian does in the next 60 days.

Consider, for a moment, this season of the year and your own attitudes. We may not have ice and snow within the next two months, but we will certainly have damp, cool and occasional foggy days and nights.

Shorter days create special hazards that are inherent with darkness on streets and highways.

It behooves each driver and pedestrian to be aware of these unsafe conditions and stay alert to their dangers. Slower speeds are necessary, autos need to be in exceptional mechanical condition and pedestrians must use extra caution when crossing streets.

There won't be much vacation travel in the next two months, but traffic will be heavy during Thanksgiving and Christmas holidays, and over the football weekends. And there will be considerably more driving after dark since the earlier hours of the evening will necessitate more nighttime driving.

Records of the Texas Safety Association reveal that 14 percent of all rural fatal traffic accidents occur between 6 and 8 p.m.

One thing for certain, Texans are entering the most dangerous traffic period of the year. A record will be set — whether it is good or bad will depend on each of us.

### THE LITTLE RIVER PHILOSOPHER

Unseen TV Messages Fail  
To Frighten Venerable Sage

By J. A.

Dear editor:

Some people hunt so hard to find something to worry about you figure they'd be worried sick if they didn't have anything to worry about.

For instance, I was reading in a newspaper last night while most of my neighbors were out looking up at the sky worrying about Sputnik, where science has discovered it can flash a message on a television screen so fast the eye can't consciously see it, yet it gets through to the brain and registers there.

Now this seems like a harmless enough discovery, but right off a lot of people in Washington began worrying about it, and some of them are now proposing a law against the thing. They say it could be a wicked thing; for example, politicians could flash their name on television screens so often voters would have an unconscious urge to vote for them. Advertisers, they say, could flash their messages across so stealthily everybody would be buying their product and not know why.

Well, now, I'll tell you. This thing doesn't worry me. Take politicians. I don't care how often I read some politicians' names, consciously or unconsciously, I still wouldn't vote for em. Seeing

a man's name over and over isn't necessarily the way to get him elected. Sometimes it's the way to get him defeated. Even before science developed its unseen television message, candidates were trying this by tacking posters on telephone poles and fence posts, but it didn't follow that the man with the most posters won.

Now with advertising messages on television screens, I'll tell you, if advertisers can figure out a way to get their message across without interrupting the program and without even being seen, I believe a lot of people would be in favor of it, although of course I recognize that there are people who'd be in favor also of running the programs off in that fashion also.

If science can get to the point where politicians can speak for an hour on television and not be consciously seen, you'll find a lot of people endorsing the idea. In fact, if they can enlarge this whole idea, and get things to where my wife can just flash her instructions to me, without me being aware of em, I'll settle for that and let the Russians have outer space.

Yours faithfully,

J. A.

### Mythical Case

## Women Over 62 May Be Eligible For SS Benefits

Ordinarily, Mary Carter, a single 62-year-old office worker, liked to figure things out for herself. She knew more about her own affairs than anyone else, so why bother others with her problems?

Now, however, she was puzzled about social security. She knew she could retire now, and draw social security payments—but they would be smaller than payments she could get if she waited until 65 to claim benefits.

On the other hand, if she started drawing now, she would draw for a good many more months than if she waited until 65.

A visit to the social security office followed. The government people gave her the facts and figures in dollars and cents. Mary Carter decided to file immediately. And she picked up this bit of valuable information:

A woman who was 62 years old or over last November may be eligible to be paid monthly benefits back to that month if she applies for her benefits by November 30 of this year. Although she may not get benefits all the way back to November, 1956, if she waits beyond this November, the amount of the monthly benefit she will be paid will be slightly higher for each month she waits before reaching 65.

Like Mary Carter, any woman who is eligible under this plan should get in touch with her social security office so that she may base her decision on official information. If she was 62 or over in November, 1956, she should do so before November 30, 1957.

### Alcoa Third Quarter Shows Dividends Up

PITTSBURGH—Net income of Aluminum Company of America for the third quarter of this year was \$21,523,928, or \$1.01 per common share, as compared with \$19,455,785, or 91 cents a share in the same period last year, President Frank L. Magee has announced.

The company reported net income of \$59,562,907 for the first nine months of 1957. The figure for the same period in 1956 was \$69,511,069. Mr. Magee said earnings per common share amounted to \$2.80, compared with \$3.29 in the like period last year.

### Scout Meet Set Tonight At Church

A "Get acquainted with Scouting" meeting will be held at the First Presbyterian Church 7:30 p.m. today for all Scouters and interested parents of Falls and Milam counties.

There will also be a session for Cub Leaders and Parents on DEN AND PACK MEETINGS. This is part of three classes for leaders and parents to better understanding of Scouting.

### Thought For Today!

Today's Text: Peter and John answered and said unto them, Whether it be right in the sight of God to hearken unto you more than unto God, judge ye.—Verse 19  
Eternal God, we would be supremely loyal to thee for thou dost see us as we are.

### Capitol Report

## Legislature Begins Second Extra Session

By Vern Sanford  
Texas Press Association  
AUSTIN—Days of old seem to have dawned over Texas lawmakers. They ended their first called session this week and launched into number two.

It's the first time in more than a decade that a governor has convened a legislature in two rapid-fire special sessions.

Main topic for the second session is a bill to authorize closing of public schools threatened by occupation by federal troops.

Gov. Price Daniel issued the second call when it became apparent that this issue couldn't be squeezed into the final days of the first session.

House and Senate had difficulty coming to agreement on details of the first session's five-point program: water planning, lobby control, crime study, practice before state agencies and money for an Insurance Department building.

Delay Spotlights  
Senate Investigating Committee is continuing its drive to establish whether the Insurance Commission dilly-dallied with reports of irregularities in a Dallas firm.

Former Insurance Department Examiner Wayne Tinkler told the committee that he began an examination of Preferred Life last March. He ran into difficulties, and asked for help from the department's legal counsel. He didn't get it, said Tinkler, and finally turned in a report in June.

His audit indicated that Preferred's president owed the company some \$194,000 due to stock manipulations, Tinkler reported.

"But no action was taken in the Department until September, when a brief conference was held."

Bond Program Launched  
At least one phase of Texas water conservation program now has the official go-ahead.

By approving a constitutional amendment, voters cleared the way for issuance of \$200,000,000 in bonds to finance local water projects.

Though only about one-tenth of the electorate (185,000) turned out, all three proposed amendments received approximately 3-to-1 majorities.

Other two will provide increased retirement benefits for state employees and authorize higher old age pensions.

Embarrassment of Riches  
Combination of late spring rains and early fall rains has caught many Texas farmers in a squeeze.

There wasn't enough time in between to raise a crop and get it out of the fields. Agriculture agents in North Texas reported that farmers there stood to lose millions from ruined cotton.

Some ranchers, according to the U. S. Dept. of Agriculture, have "a very unusual situation—more grass than stock to eat it." This time last year those same ranchers were selling off stock at a sacrifice because they had no feed.

Small grain and winter legume prospects are extremely good, says USDA, though dry weather is needed for additional planting.

Cotton Acreage Tussle  
For the third straight year East Texas and West Texas cotton farmers are at odds over acreage allotments.

State and county allotments are to be announced by USDA before Dec. 14 when cotton farmers will vote on whether they want a market quota program for 1958.

West Texas farmers contend that their area has been penalized. They say an undue portion of the state's cotton acreage is allotted to the older cotton-growing counties of east and central Texas.

One group of West Texans went to federal court last year to try to get the allotments changed. Opposing them is the Old Cotton Belt Association which has announced it will fight new efforts to wrest acreage from its area.

## HOW SMALL, YET HOW BIG

How small a man seems—walking down a lonely road on a rainy day, with gaunt trees towering over him.

How small man is, and how frail in body. The trees in the picture and even the chimneys on the old house will probably long outlive the man.

Yet how big man is—in the things that are not of the body, but are of the mind and soul. God has not made man mammoth. But He has made him potentially great—if he will but accept the blessings given him, and use the tools of Christian teachings.

Man finds in the Church, the encouragement and the instruction to enable him to make from his God-given divine spark something great and enduring—and of benefit to all human-kind.

### THE CHURCH FOR ALL

#### ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

MRS. RAY PEVEHOUSE

## Lola Belle Ray, Roy Pevehouse Wed

A ceremony in Meadowbrook Baptist Church at ten the morning of November 2nd united in marriage Miss Lola Belle Ray, daughter of Mr. and Mrs. Ollie Ray of Rockdale, and Charles Roy Pevehouse, son of Mr. and Mrs. John Pevehouse, of Cameron.

Miss Anne Gross presented the wedding music and was accompanied by Mrs. John V. Holder who sang, "I Love You Truly," and the "Lord's Prayer."

Rev. Cooper officiated at the double-ring ceremony against a background of palms and floor baskets of bronze chrysanthemums flanked by branched candelabra holding pale yellow candles.

Mr. Ray gave his daughter in marriage. She wore a gown of floor length tulle and nylon tulle in floor length with chapel train.

Above the fitted bodice was a yoke of imported pure silk lace, its rose scalloped Sabrina neckline re-embroidered in seed pearls. Sleeves were long and pointed over the wrist, and the full overskirt of tulle was scattered with the applied lace roses touched in pearls.

### Illusion Veil

Her veil of illusion was fingertip and caught with pearls to edge of a snug fitted half-hat of satin and tulle that repeated the pearl and rose lace trim. She held a small white Bible and carried a cascade of lily-of-the-valley and white satin leaves which was centered with a purple throated light orchid.

Miss Anne Copeland was maid of honor. Junior bridesmaids were Miss El Wanda Key of Burkett, niece of the bride, and Miss Ina Mae Yates of Maysfield, the groom's niece.

The attendants wore identical waltz length dresses of yellow chromespun taffeta that featured boat necklines and short sleeves. Silver flecked gold net sashes accented the waistlines. Their shoes were matching yellow, and head-dresses and short gloves were of the gold net.

Each held a net ruffled open fan in material matching the costumes and were caught at the wrist by clusters of bronze chrysanthemums with ribbon showers.

### Brother Is Best Man

Thomas Pevehouse served as best man for his brother. Ushers were Charles H. Holder and Donald W. Key, nephew of the bride.

Mrs. Ray, the brides mother, was wearing a dress in Dior blue with harmonizing accessories, and the mother of the groom, Mrs. Pevehouse chose an ensemble of navy with matching accessories. Each wore a white carnation corsage.

Following the wedding a reception was held in the recreational center of the church.

The bride's table was laid in floor-depth cover of white net over

## Miss Elizabeth Elaine Albert, Jimmy Bruce Whitechurch Marry

Miss Elizabeth Elaine Albert and Jimmy Bruce Whitechurch were married Saturday in the United Church of Christ, Ben Arnold.

The Rev. Gerald Cobb officiated at the double-ring ceremony before an altar flanked with white candelabras decorated with arrangements of white mums and streamers.

Mrs. Robert Kalkbrenner, Jr., of Ban Arnold was organist and accompanied Mrs. Stanley Fikes when she sang "Because" and "A Wedding Prayer."

### Waltz-Length Gown

The bride, given in marriage by her father, wore a waltz-length gown of white Alecon lace over satin. The bodice was snugly fitted with long tapering sleeves and a dramatic scalloped boat neckline. Closely spaced lace covered buttons fastened the bodice back and pointed cuffs.

An apron of lace was softly draped over the ruffled skirt of nylon tulle and fell in graceful festoons

on both sides. A large pleated satin bow and net-lined sash completed her dress.

Her elbow length veil of illusion was held by a lace cap trimmed with pearls.

### Honor Attendants

Mrs. Fred E. Bailey, Jr., of Lake Jackson, sister of the bride, was matron of honor. Her street length dress of toast crystallette over taffeta was designed with a fitted jacket. She wore a matching bandeau and shoes and carried a bouquet of bronze mums.

Bridesmaids were Mrs. G. H. Albert, Jr. and Mrs. Bruce Crook, both of Lake Jackson and Mrs. Robert Tawater of Waco. Their attire was identical to that of the matron of honor.

Beth Bailey of Lake Jackson and Christy Chandler of Houston were flower girls. Their dresses were emerald green crystallette over taffeta. They carried small yellow mum bouquets.

### Brother Is Best Man

Robert C. Whitechurch of Stillwater, Oklahoma, served his brother as best man. Groomsmen were G. H. Albert, Jr., of Lake Jackson, Keith Chandler of Houston and Art Hall, Rockdale.

Ushers were Fred E. Bailey, Jr., of Lake Jackson, and Paul Dorsey of Rockdale.

### Reception At D. Brown Library

Following the ceremony a reception was held at the D. Brown Library in Rosebud. Misses. Keith Chandler, Houston, Robert C. Whitechurch of Stillwater, Okla., and Misses Betty and Margaret Wasserman of Rosebud assisted in serving.

Mrs. George Mueck of Dallas was at the guest book.

The bride's table, laid with a lace cloth over yellow linen, was centered with a four tiered cake and the bouquets of the bride and her attendants.

Mrs. Albert chose for her daughter's wedding a gray dress with black and blue accessories and a blue carnation corsage. The bridegroom's mother wore a navy dress with navy and pink accessories and a pink carnation corsage.

### Travel In South Texas

When the couple left on a honeymoon trip to points in south Texas the bride was wearing a toast faille suit with brown accessories and the orchid from her bouquet.

MRS. JIMMY BRUCE WHITECHURCH

The bride, daughter of Mr. and Mrs. G. H. Albert, Sr., of Rosebud, is a graduate of Rosebud High School and is employed at the Planters National Bank. Mr. and Mrs. Robert O. Whitechurch of Guthrie, Oklahoma, are parents of the bridegroom. He is a graduate of Nowata High School and Oklahoma State University. He is employed by the Aluminum Company of America in Rockdale.

## BOLD NEW PONTIAC

**BOLDEST ADVANCE  
IN 50 YEARS!**

**MAKE IT A SPECIAL POINT  
TO SEE THIS ONE!**

The best ideas of the industry's hottest engineering team went into this Golden Jubilee Pontiac... newly created from the frame up to celebrate the 50th Anniversary of Pontiac and General Motors. The revolutionary advancements you see here mark a decisive break with the past... and conventional car design. Why not be among the first to drive the bold new Pontiac and discover a brilliant prophecy of the next big change in cars!

**Circles-of-Steel  
SAFETY**

Pontiac's completely new body construction surrounds you and your passengers with girder steel protection—above, below, fore and aft. You drive with wonderful new peace of mind!

**Aero-Frame  
STABILITY**

Here is the biggest basic construction change since the early days of motoring. Pontiac's revolutionary new frame design is lighter, stronger, more stable than the conventional box type used on other cars.

**Quadra-Poise  
ROADABILITY**

Lean back and relax—only the wheels know where the bumps are! Pontiac's new chassis geometry ends dive, sway and bounce to bring you the smoothest ride, easiest handling you've ever known!

## Ever-Level Air Ride\*

The most perfect suspension system ever designed—and Pontiac's revolutionary Aero-Frame is specifically designed for it! Air cushions on all four wheels literally float you over the bumps... keep the car perfectly level regardless of load or road!

## Tempest 395 PERFORMANCE

Try the jawed-action response of Pontiac's brand-new engine! Scores of exclusive engineering innovations make this hefty power plant a miracle of smoothness... choose from four horsepower ratings—including Tri-Power Carburetion\* and Fuel Injection\*.

\*As extra-cost option.

## New Direction STYLING

Here's a fresh new look in automobile styling—and only Pontiac has it! From classic grille to bold rear end, Pontiac makes a decisive break with the fads and frills! Despite its 4 1/4 inch lower silhouette, there's more room inside than ever!

## A Tribute

### To Our Rotarians!

Someone once said that it is the Rotarians who make the world go round! Perhaps this isn't entirely the case, but it is a recognized fact that the men whose emblem is the Wheel of Progress contribute much to America... and, more specifically, to our own City. Always eager to advance business, good fellowship and the general well-being of our community, these reliable Rotarians comprise a group of citizens of whom we're all mighty proud! With all sincerity we applaud their goals and their achievements. The Rotarians do things... in a big way!

## Recipe Of Week

Green Peas Are In Full Supply,  
Make Popular, Versatile Dish

Plump green peas are in full supply either canned or frozen. They are always popular when just heated and seasoned if they are canned, or cooked by the easy directions on the package if they are frozen. Treat them gently to keep them at their best however, and don't overcook them.

Peas like gently seasoning, too. Butter or margarine, a sprinkling of salt and pepper and perhaps a little milk or cream added is the usual treatment, but other seasonings go very well. Grated onion perks up the flavor and two or three tablespoons of sour cream added to enough peas to serve four turns them into something

really special. Peas go well with other vegetables and meats so don't forget them when making stews, casseroles and creamed dishes. And during these nippy days just right for soup, make the most of a can of peas.

Combine 1 No. 2 can peas and liquid, a slice of onion and a dash of salt and pepper in a saucepan. Bring to boil over a full gas flame, reduce flame to simmer and simmer for 10 minutes. Put through a sieve or food press. Stir into 2 cups hot thin white sauce and heat just to boiling. Makes 4 servings.

On the cold dish side, there is

Mrs. Kunz Hosts  
42 Leisure Club

All members were present when Mrs. August G. Kunz entertained the 42 Leisure Club at her home Thursday afternoon.

Mrs. Kunz decorated her party rooms with arrangements of chrysanthemums.

High score was received by Mrs. Leo Laake and second high by Mrs. Tony Vogelsang. Mrs. Charles Payne won the 84 prize.

Refreshments of raspberry par-fait, chocolate cake and coffee were served. Mrs. Laake and Mrs. A. K. Gurecky assisted in the service.

The next meeting will be a party on November 19th when club members will entertain their husbands.

pea salad. Drain 1 No. 2 can peas, diced celery, 1/2 cup diced dill pickle, 1/4 cup 1/2-inch cubes American cheese, 1/4 teaspoon salt and a dash of pepper. Mix with enough mayonnaise to moisten. Chill thoroughly. If desired, add 2 tablespoons grated onion. Makes 4 servings.

## RECIPE OF THE WEEK

DeLuxe Creamed Peas: Beat 1 egg yolk. Beat in 1/2 teaspoon salt, 1 teaspoon sugar, 1/4 cup cream and 3 tablespoons melted butter or margarine. Beat thoroughly. Slowly stir into 2 cups hot cooked frozen or canned peas. Heat over very low flame. Makes 4 servings.

Hints On Gift  
Wrapping Given  
By Mrs. Dodson

The Delphian Club meet at the home of Mrs. Cecil Criswell in Buckholts Tuesday. Mrs. H. L. Green, Sr. was co-hostess.

Mrs. Nolan Dodson was guest speaker on the program. Her subject was the Art of Gift Wrapping. Mrs. Dodson punctuated her talk with examples of unusual gift wrapping designs.

Mrs. A. W. McCullin spoke on The World In Your Sitting Room. She presented the pros and cons of subscription television. Mrs. McCullin's talk was followed by group discussion.

Mrs. R. L. Batte, president, conducted a short business meeting.

Following the meeting Mrs. E. J. Davis and Mrs. Carroll Green assisted the hostesses in serving refreshments of salad squares, tea sandwiches, coffee and punch.

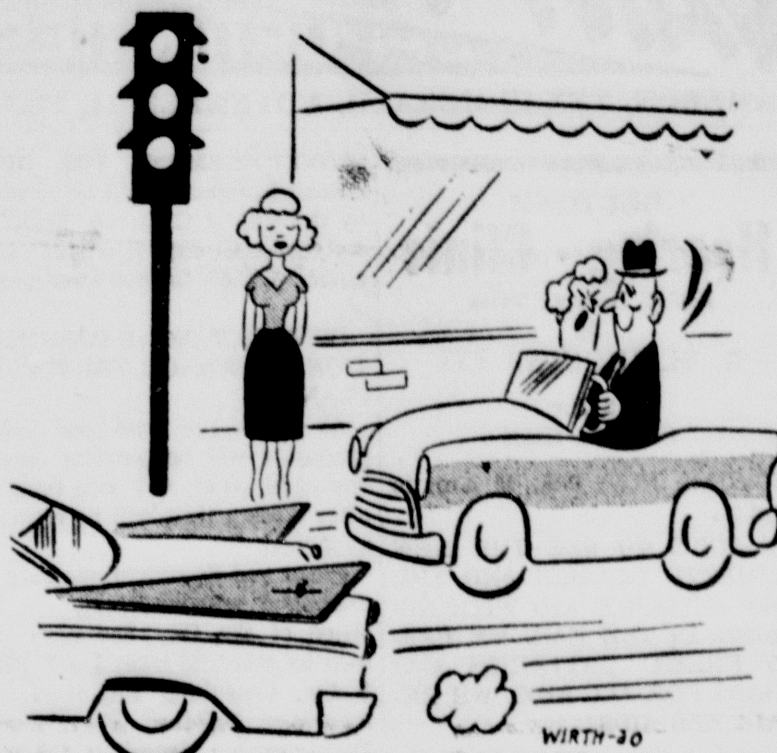

Mrs. Wiggs Fetes  
Wednesday Club

Mrs. James Wiggs decorated her home with arrangements of purple berries and mums when she entertained the Wednesday night bridge club last week.

Refreshments of date cake topped with whipped cream, and coffee were served at tables for four. The hostesses color scheme was carried out with table covers of lavender and purple napkins. Batchelor button bouquets centered each table.

Mrs. Wiggs also served grapes and cheese cookies during the evening.

Bridge favors were received by Mrs. Dana Monroe and Mrs. Joe Anderson.

"How many times does the light have to change before you go?"

Mrs. Jack Hearrell Speaks To  
Three Arts On Europe, Fashions

Mrs. Jack Hearrell of Glade-water spoke to the Three Arts Club Thursday on Europe and High Fashions.

Mrs. O. B. Harden was hostess for the regular club meeting at her home with Mrs. Make McDermott, co-hostess.

Mrs. Hearrell, formerly Corrie Collier of Cameron, presented a sparkling description of her recent trip to Europe. She gave the highlights of her visits to style shows directed by world famous designers in Paris, Spain and Italy and described the latest

fashions being shown.

Mrs. Hearrell also shared humorous sidelights of her European tour. She was introduced by Mrs. Harden.

Following the program, a dessert plate and coffee were served to 24 guests from a table covered with a yellow linen cloth and centered by a horn of plenty filled with mums, dried flowers, and fall leaves.

Mrs. Niley J. Smith presided at the coffee service and Mrs. Earle Pearson assisted in the dessert service.

## Garden Club Studies

Textures In Flower  
Arrangement Friday

"Textures in Flower Arrangements" was the topic presented by Mrs. Leo Fuchs, when the Civic Garden Club met Friday at the home of Mrs. Alvin Dusek.

Mrs. Fuchs pointed out that "texture is one of the 5 elements of design and therefore is closely related to line, form, pattern and color." She demonstrated these elements with various combinations of plant material.

The nationally accredited flower show judges, Mrs. R. G. Grabein, Mrs. Frank Schiller and Mrs. Alvin Dusek reported that they had helped judge a flower show "Autumn Reflections" which was staged by the Temple Garden Club at the Federation Club House in Temple on Thursday.

Mrs. O. G. Tumlinson gave a report on the Division II meeting which she and Mrs. Fuchs attended recently in Killen.

The flower arrangement for practice judging, a cresent design, was made by Mrs. Harold D. Jones.

Mrs. Thomas Raymond won the door prize, a pair of garden gloves.

Mrs. H. C. Tindall was welcomed as a new member of the Civic Garden Club.

## Insulation Cuts Fuel Bills

Winterizing the home can cut fuel bills and add to the winter comfort of the family. W. S. Allen, agricultural engineer, says a good place to start the job is with the doors and windows. The addition of weather stripping to these exposed outside openings will reduce losses.

Mrs. W. H. Garner presided at the short business meeting which preceded the program.

# Killeen Drops Waco In Crucial Tilt, 14-7

The Waco U Hi Trojans, Friday night opponents of the Cameron Yoemen fell victim to the title minded Killeen Kangaroos Friday, 14-7.

Killeen had dumped Yoe hopes for the 9-AAA crown this fall the week before when they defeated Cameron 26-6 at Killeen Field. The Waco-Killeen contest also was played at Killeen.

The Waco loss put the Trojans out of contention along with the Yoemen who suffered defeats on consecutive Fridays at Stephenville and Killeen.

**'Too Offense Strong**  
The Kangaroos' offense figured heavily in their Waco win as they hammered out 311 yards and 20 first downs to 173 yards and 12 first downs for the Waco crew.

Winner Killeen drove 90 yards for the first touchdown in the first quarter, then 80 yards in 12 plays for the winning edge in the fourth.

QB Billy Wilson hit end Bob Love with a 12-yard TD pass for the first score. And HB Sid Alexander zipped 32 yards to break a 7-7 fourth-quarter tie.

FB Carl Gatlin dove the final 2 for Waco's score to climax a 35-yard drive.

**Fuentes Stopped**  
The Killeen defense held Waco's Arthur Fuentes, a fast break-away runner, to 31 yards in 12 tries. But Gatlin rocked the Killeen defense for 97 in 24 deliveries.

The Waco block-buster raced 28 yards for his longest run of the evening.

Waco's loss coupled with an earlier defeat at the hands of La Vega put U Hi in the lower conference bracket.

## Cameron Bee's Set For U Hi Tonight

The Cameron B-team Thursday night will give fans a preview of the Friday night U Hi-YHS game when they collide with the Waco B-team at Yoe Field.

Kickoff time is 7:30 p.m.

## McDonald Plumbing Leads Lady Keglers With High Series

McDonald Plumbing Shop bowlers surged into the lead this week in women's bowling with a high series 1688 and single game 583.

Other high team series were rolled by New Cameron Drug, 1644 and Vaculin Service Station, 1589.

New Cameron Drug bowlers also rolled second high single game with a 578 followed by Pearl with 551.

Individual high series honors went to Muriel Masopust at 489, Milady Hollas 469 and Lillie June 453.

Top single games were bowled by Clara Humpik and Lillie June 177 and Muriel Masopust 174.

## Services Held At St. Monica For Joe Zalesky, 67

Funeral services were held Monday at 10 a.m. at the St. Monica Catholic Church for Mr. Joe Zalesky, 67.

The Rev. George J. Duda officiated at the services and burial was in St. Monica Cemetery.

Rosary was recited at Marek-Burns Funeral Home Sunday evening at 7:30 p.m.

Mr. Zalesky died in a local hospital at 10 p.m., November 8th.

Survivors are his wife, Mrs. Mary Zalesky, 3 sons, Emil, Frank, and Bernard, all of Cameron; 3 daughters, Mrs. Josie Janek, Cameron, Mrs. Mary Hurtek, Cameron, Mrs. Bernice Janek, Muleshoe; one brother, Albert Zalesky, San Antonio; 2 sisters, Mrs. Elizabeth Vercota, California, and Mrs. Ann Burdick, Czechoslovakia; and 19 grandchildren.

Palbearers were Frank Salach, J. T. Parma, Joe Stocklas, Jr., Joe Krull, Joe Dohnalik, Frank Polansky.

## Loop Underdogs To Clash For Title

The 9-AAA conference race has taken a complete reversal since early season underdogs Killeen and La Vega have outgunned their heralded opponents all season.

The two conference-champion hopefuls will match their success stories tomorrow night for the crown at La Vega.

Meanwhile Waco U Hi and Cameron will meet at Waco to try to redeem two consecutive conference losses each. Stephenville, defeated 27-14 by La Vega last week, will have an open date.

In pre-season ratings, it was Waco, Cameron and Stephenville as co-favorites for the title. Killeen and La Vega had been tabbed for off-seasons due to rebuilding programs and graduation losses.

But now, the underdogs are vying for the crown. Killeen dropped Waco U Hi 14-7 last week and Cameron 26-6 the previous Friday.

La Vega claimed wins over U Hi, 13-8, and Stephenville, 27-14. The only other victory have gone to Stephenville which defeated Cameron, 6-0, in a icy wind storm at Tarleton College Stadium.

And Waco dropped the Yellow Jackets, 18-6, last week.

The conference line up is:	W	L	T
Killeen	2	0	0
La Vega	2	0	0
Stephenville	1	2	0
Waco (U Hi)	1	2	0
Cameron	0	2	0

## Joyce Nicholson To Appear In TCU Play

Miss Joyce Nicholson, daughter of Mr. and Mrs. Bert Nicholson, and a sophomore in Texas Christian University, has been chosen for the cast of "The Fischbeck Tapestry".

The poetic drama by Manfred Hausmann is to be presented by the TCU Little Theater, December 6, 7, 10 and 14.

The drama deals with a famous old tapestry hanging in the Abbey of Fischbeck on the Weser River in Germany and interprets the meaning of the six pictures contained in the tapestry.

**FURNITURE**

"THEY'RE CATCHING ON, BUT THEY CAN'T CATCH UP." That's how lots of people feel about the "new 1958" cars that are trying to match the Dodge Swept-Wing look. These other cars have been lowered some, but still seem high and boxy by comparison. A few are "catching on" to fins, but they're years from

"catching up." And the air suspension offered by some cars (at well over \$100 extra) can't compare with the sway-free, dip-free ride of Dodge Torsion-Aire (standard equipment on all models). So on your way home from someone else's new car showing, stop in and compare it with Swept-Wing 58 by Dodge. You'll see what we mean.
